"It is a slow process, a very discouraging process, but conditions in the area are much more stable now years ago, and a cease-fire is still in effect." than they were a year ago, or two

In the 30-minute interview, Rogers made these other points:

• India-aid — the U.S. has stopped foreign aid for the moment and it is taking a good hard look

before renewing it to India.
"If we are going to provide very substantial amounts of foreign aid, and nations are going to get involved in warfare so that it all goes down the drain, then it seems we have to ask ourselves, is that a wise investment of our money, and that is what we did."
Rogers said that if another two

or three weeks had elapsed, negotiations would have taken place that could have solved the Pakistan question by political and diplomatic means. China - The mere fact of the

Nixon visit to Peking "will be tremendous importance to the world, and importance to our relations with Communist China." The U.S. hopes that a system can be set up for continuing con-

tact, greater communication and exchanges of persons and scholars.
Rogers said "we are completely satisfied that the government that we are dealing with is in complete control and we have every reason to think, and we have no doubt about it at all, that the visit is us to start attempting to find out.

# Record Soviet Jewish exodus seen continuing

The increased pace of Soviet Jewish immigration in 1971 — which saw 13,995 Jews moving to Israel — will apparently con-tinue in 1972, according to re-liable sources in Moscow.

The sources, quoted by the "Los Angeles Times," said that since the Soviet Union came into being 54 years ago, there has never been such a mass legal exit of Soviet citizens.

The newspaper adds that last Monday the Soviet authorities issued some 210 exit visas, not counting children aged under 15 for whom a visa is not required. This is a record for any single

Fourteen times as many Jews left in 1971 as in 1970, and the 1971 figure is larger by 3,500 than the entire total for the years 1961-1970.

Although the official Soviet line is that only oldsters and children are let out, in fact the Soviet immigrants are of all ages and all professions, the "Los An-geles Times" said. The Jews are obliged to waive their citizenship on exit.

### NOTICE TO VEHICLE OWNERS

 The Licensing Authority of the Ministry of Transport announces to vehicle owners that as of Jan. 1, 1972, vehicle owners will no longer be required to show proof from an authorized garage that their brakes have been tested and found to be in good condition.

We wish to bring to the attention of vehicle owners the legal obligations incumbent on them when they bring their valicies for the annual vehicle check, to register or re-register their vehicles. Please follow the following instructions, and save yourselves and us extra work, as vehicles which do not meet these standards will be failed at the testing station, and the owner will have to pay the testing fee for the next test;

A. The vehicle and all its accessories must be in good condition. B. The vehicle must be clean.

C. The vehicle must have at least two front headlights of the approved

type (European asymmetric headlights). Vehicles must have safety belts and proper attachment points. Vehicles must have safety locks or other locking devices. F. Vehicles must have reflecting triangles.

G. Motorcycles and motor scoolers must have mirrors. H. Vehicles with diesel engines must have furnished an authorisation from an authorized garage that the motor has been checked and meets air

# Two tight games at Bloomfield

Jerusalem Post Sports Reporter

TEL AVIV. -TEL Aviv soccer fans are promised two needle matches at the Bloomfield stadium on Saturday with League leaders Tel Aviv Maccabi at home to Jerusalem Betar and Tel Aviv Hapoel entertaining Beersheba Hapoel.

Although Jerusalem Betar are only in the fifth spot, their football in recent weeks has looked more championship stuff than that of Tel Aviv Maccabi. They have taken seven points in their last four games. On paper, Tel Aviv Maccabi have the brighter stars, with Spiegel, Rosen, Bello and Karako in their lineup. Both clubs have the same goal average 8:4. Home ground advantage may just tilt the game in Tel Aviv Maccabi's favour, but there may be little in it.

Tel Aviv Hapoel crashed badly at home last week against the lowly Petah Tikva Hapoel, They have only picked up one point in their last three games. Visitors Beersheba Hapoel, newcomers to the National League this season, are a much better home than away team. One can imagine Tel Aviv coach Richard Levy giving his players a stiff pep talk, which might well result in an improved display by Tel Aviv Ha-

Petah Tikva Hapoel despite their recovery, will be put to a tough test; playing at home to Haifa Ha-poel. The Haifa team's showing this season has been most erratic. The result of this game will probably depend more on Haifa Happel form than anything Petah Tikva Hapoel can produce. No result would surprise nere.

Champions Netanya Maccabi also play in Petah Tikva, which is now the home ground of Tel Aviv Betar. The Tel Aviv side foots the table, tar players may well put up a determined showing against the champions, currently lying second, and Toto players should save on a draw result in this game.

In Jerusalem, Hapoel play Haders Hapoel. This should be an excel-lent opportunity for the Jerusalem team to improve its position from WE were impressed recently by 10th place. It is difficult to imathe advertisements of an insurgine Victor Mansour, Ben Rimoj and Eli Elkayam losing points from this encounter.

> An interesting clash takes place at Kfar Saba, where the home Ha-poel plays Shimshon, who have quietly been moving up the table to 4th place. Both sides won their away games last week. Shimshon have given away only three goals this season, and may force a draw in the Sharon town.

Jaffa Maccabl did extremely well to hold Tel Aviv Maccabi to a draw last week. Visitors this week are cupholders Hakoah of Ramat Gan. The Jaffa team's game is predictable — it gives little away, while having difficulty getting goals, Haillustration that goes with the text kosh's performances have gone from shows a messy-looking ashtray full extreme to extreme. # Your Captain wishes you a pleasant flight to London.

Our Captains are perfectionists. We wouldn't have them any other way. Nor, we believe, would our passengers.

Before he even boards the Trident, the Captain carries out some 40 exterior checks. Once in the cockpit, another 164. If just one dial is wrong, it'll be spotted at once.

Meanwhile, the steward has also been going through his checklist. So have the stewardesses. When they're all finished they report to the Captain. If something is not exacly as it should be, he'll want to know why.

Then the Engineer presents his technical report. Everything that's been done to the plane since it touched down, in full mechanical detail.

And only now, when every little aspect of the plane has had his personal approval, does the Captain ask Lod Flying Control for permission to take off on his non-stop flight to London, You can set your watch by it: the time is 9.25.

Soon after take off you will hear his voice over the address system:

# Flu outbreak less serious than 1969'

So far the only flu strain that has been isolated at the Ministry of Health Isboratories in Jaffa, where they test flu viruses in Jaffa, where they test flu viruses in the A2 strain, Dr. Amos Arnan, 1344 Assistant Director-General in charge of public health told The

The present fin outbreak seems to be less serious than the outhreak of 1969, when there were mixed Hong Kong and A2 varieties. However, Dr. Arnan stressed that "this is only an Impression" and that hard data on the present outbreak would not be available until the end of February.

Indicators such as absenteeism were bringing in conflicting reports, Dr. Arnan said. Some schools in the country showed a 20-25 per cent rate of absenteeism, and others, often close by,

were quite normal. There had been no appreciable rise in deaths this month, Dr.

Arnan reported. Dr. Arnan issued a word of warning to the public. "Don't call a doctor as soon as you begin to feel bad. If you run a temperature for up to three days, then call him. Otherwise your doctor may be

so overworked that he may not give of his hest."
In Gaza about 15 per cent of the population is suffering from flu. A small number of patients had to be hospitalized with complications, but on the whole the outbreak is not serious, health

TEL AVIV. - Residents of the extension of Bnei Dan Street in the new Shikun Bavil section have threatened to pull down street signs if the city does not abandon its plan to change the street name to Rehov Rabbi Haim Yehoshua Kussovsky. The city decided last week to name the street after the eminent Mishnaic and Talmudic scholar who passed away in 1960. Several hundred residents have signed a petition asking

the Mayor to rescind the City Executive decision. They say that the name Bnei Dan commemorates the settlement of members of the Tribe of Dan on the banks of the Yarkon, and that it is wrong to change the Hebrew name for a foreign

They add that the name does not fit the character of the population in the area. The residents, most of whom are secular, feel that the administration's religious coalition part-ners had pressed it to adopt the

# Bleiman, Rom lead in chess

By ELIAHU SHAHAF Jerusalem Post Chess Correspondent

Negev. Sowing started in November TEL AVIV. - International Master Yaanov Bleiman and National Master Meir Rom were leading after the seventh round of the Israel Chess Championship yesterday. They White Bleiman's progress was slow

but sure, Rom scored three wins in succession to the for the top place Co with his townsman (both are from Haifa). Uzi Geller sustained his first de-

feat in the sixth round at the hands of Rom, but stayed in second place with 41/2 points. Tied with Geller was national master Emanuel Guti, who seems to be in good form despite his prolonged absence from serious tournament play (in the 'sixties Guti was the rising star of Israel chess and his feat in the Leipzig Olympiad was a memorable achievement for a newcomer to the international arena). Israel Champion Shimon Kagan

though unbeaten so far, scored only one victory and has drawn six games. But then Kagan has always proved himself a good finisher and there is every reason to believe that the present championship will be no exception.

The eighth round of the men's event and the third round of the women's event were held last night.

In accordance with the tradition followed on the three dates, the ceremonies will begin today with the patriarchal procession from the Old City of Jerusalem to Manger Square. Due to the III-health of Patriarch Benedictus I the Greek procession is scheduled to be led by Archbishop Germanos. He will also officiate at the midnight service at the Church of Nativity. His Eminence, the Archbishop, will

be leaving Jaffa Gate in Jerusalem at 9 a.m. His convoy will stop briefly on the outskirts at Mar Plias Monastery, to be received by the mayors and councillors of Belt Jala and Beit Sahur, Bethlehem notables and the area tribal chiefs. Then, with the escort of five mounted policemen the procession will proceed to Manger Square, where the area Military Governor and Police Commander and the Mayor of Bethlehem will be on hand to Flanked by Greek Orthodox cler-

The City's new attitude is that the only solution for the Sde Dov problem would be to move the whole airport to the Lod international airport, rather than build a new airport in the Tel Aviv area.

### TEMPORARY NUISANCE

The Municipality has been placed under growing public pressure to do something about the situation. The thousands of families who had moved into the "L" plan area in the past year were promised that the nuisance of Sde Dov would be a temporary one. Meanwhile the noise level has not

dropped. The airport has also proved to be a safety hazard, attracting children who crowd around its fences to watch take-offs and landings. The construction of a new airespecially one out in sea, would take a long time. The out-right closure of Sde Dov would provide an easier and a quicker
